Dear Professor Jamieson

I refer to your letter of 19 June 2009. SPSA Forensic Services is committed to assisting the Criminal Justice System and in particular any specific requests for information or clarity for the defence team.

We have and always will arrange precognitions providing the correct procedure is followed in relation to the COPFS at a mutually convenient time.

We are happy to answer any questions in relation to the content of the forensic science report or any specific question on any other relevant matter but we do not release photocopies of sops or case file contents. Again I would reiterate that we are happy to answer any specific question relating to either and I trust this is of assistance to you.

Yours sincerely

Tom Nelson
Director
Forensic Services
